Thank you for taking the time to complete our patriot form. Once we receive the form we will review and follow up within 14 days. We accept requests from all skate disciplines and are unable to honor some requests while denying others that may be of equal validity. We can tell you that we do not base our decision solely on competitive results. Our review validates both in sport and life. We are patriots supporting patriots of all ages, genders, race, religion. We support all lives, our first responders, military, we will not condone hate speech, looting, destroying. GMC is proactive in developing skates for skaters that want to have fun first and foremost.
